Dear Senator Kefauver:

STAT  
Thank you for your letter of 7 December 1961 to Mr. McCone  
concerning [redacted]

Our Junior Officer Training Program is designed to bring into our service on a career basis young people who are qualified for and desire to pursue intelligence work as a profession. [redacted]

STAT

[redacted] had applied for employment with us last June when his application for a regular Army appointment had been rejected. He was being actively considered for our Junior Officer Training Program when he later notified us that he was going on active military duty as a Reserve Officer pending final action on his recommended appointment to the regular Army. We advised him at the time that we would discontinue consideration of his application for our training program but would be glad to reactivate his file when he completed his military tour.

We are glad to have your recommendation of him for that program and can assure you that his application will be carefully considered in light of our requirements at such time as he may again be available for civilian service.

Sincerely,
